"We measure success based on the satisfaction of our customers and partners. That success is inevitably based on factors of quality, international standard services, absolute safety in production and construction, ensuring reasonable prices and on schedule."

GENERAL DIRECTOR
NGUYEN VAN THO

OPEN LETTER

Dear Partners, Clients!

AMECC Mechanical Construction JSC would like to send all our Partners, Clients best wishes for health and warmest greetings.

Dear Partners, Clients! Formerly LISEMCO 2 Joint Stock Company, renamed AMECC Mechanical Construction Joint Stock Company since 2016, with goodwill to cooperate for mutual development, jointly bring the best values to customers through the products and services that AMECC currently provides such as:

- Processing and manufacturing steel structures and equipment
- Hot dip galvanizing products
- Shipbuilding
- Construction and installation of project items
- General contractor/EPC contractor for civil and industrial projects

Along with a team of experienced and highly specialized personnel combined with modern production lines and equipment systems operating in accordance with ISO standards, we are committed to providing products and services that meet ISO standards, good quality, ahead of schedule.

AMECC sincerely thanks domestics at home and abroad such as: Samsung, BHI, Hyundai, Sankyu, Marubeni, Kirchner, EVN, PVN...and many loyal customers who have been accompanying, cooperating, sharing with us during the past time, as well as trusting us to have the opportunity to contribute to asserting ourselves, enhancing the image and brand of Partners, Clients in the process of development and integration.

Once again, AMECC looks forward to receiving the cooperation and support of Partners, Clients in the future. Sincerely thank you!

MISSION - VISSION CORE VALUES

Vision

Provide customers with the best products and services. Become the main contractor, EPC contractor and investor. Constantly developing and increasing the value of life for employees and society.

Mission

Confirming the leading company in the field of Fabrication and Installation; Exportation to international market.

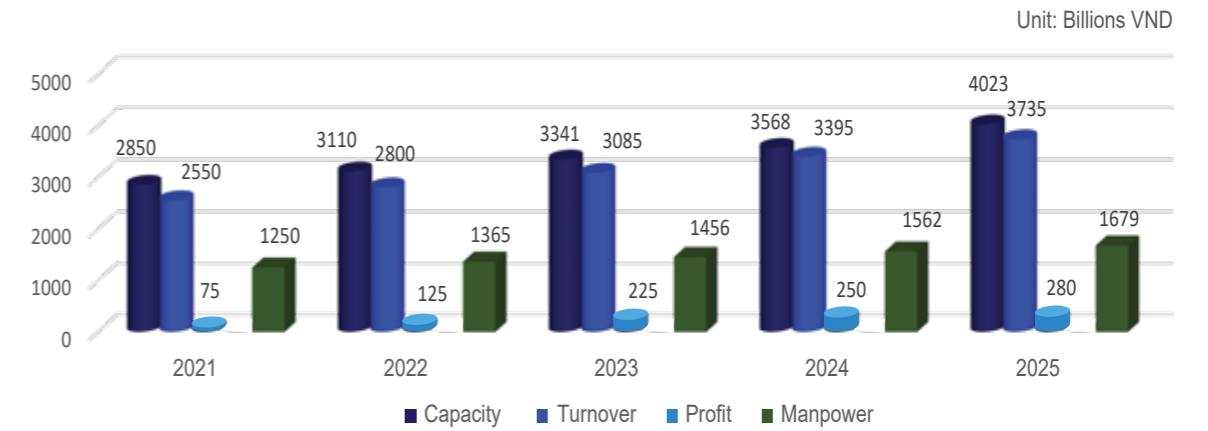

Core values

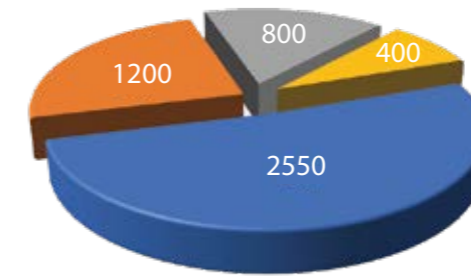

We are a pioneer in the production of customer-oriented products, constantly improving quality to meet the increasing needs of customers, giving them the best value and bringing sustainable development for Amecc.

SAFETY SHOES

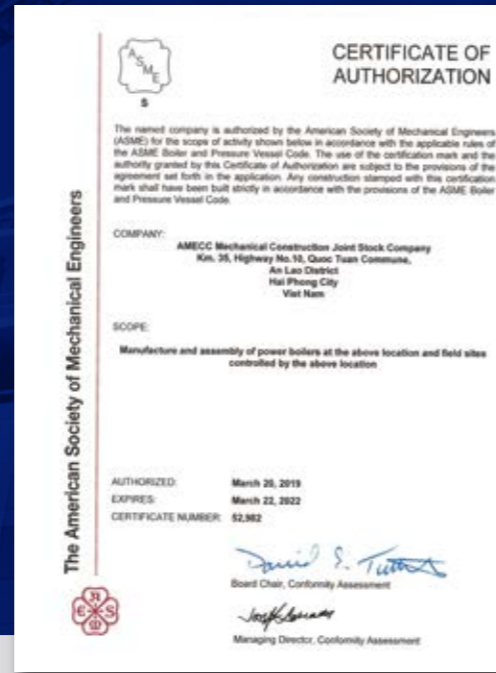

- Ensure that all activities within the company are carried out safely in a safe working environment for all employees, customers and communities within the Company's control; Ensure the safety for equipment and assets of the Company as well as customers and the community.
- Commit to take all the precautionary measures to prevent injuries and health impairments for all employees, customers and communities within the Company's control.
- Ensure the establishment and maintenance of occupational health and safety management systems in accordance with ISO 45001:2018 and ISO 14001:2015 to prevent and minimize the risk of unsafety and occupational health hazards; Constantly improve to perfect the system

QUALITY MANAGEMENT SYSTEM

HUMAN RESOURCES

With more than 1000 experienced and well-trained staffs and engineers, AMECC Mechanical Construction JSC concentrates on enhancing human resource through international cooperation, regularly organizing training courses for welders, steelstructural fabrication workers and staffs, applying management and supporting software in design, project management and consequently bringing the highest work efficiency...

During the past, thanks to the cooperation and the trust of customers we have precious chances for execution and completion of big projects in both domestic and International markets.

AMECC
Together build tomorrow

10 GOLDEN PRINCIPLES IN THE REGULATION OF ENTERPRISE CULTURE

1. Jointly develop AMECC Mechanical Construction Joint Stock Company to become one of the leading companies in mechanical engineering and construction industry under the spirit of solidarity and humanity.
2. Strictly comply with the rules and regulations of Company and the State Laws.
3. Respect and carry out the orders assigned by the seniors and the organization as per responsibilities and duties.
4. Have "Professional - Active - Creative - Determined" manners.
5. Always be "Exemplary - Polite - Sociable - Fair - Not conservative - Thoughtful before taking action".
6. Keep studying and upgrading AMECC skills to achieve the highest success.
7. Always have respective and cooperative attitudes toward customers, keep in mind that customers' satisfaction is Company's long lasting existence and development.
8. Absolutely keep Company's business secrets and internal information. Don't take advantage of company's business secrets and internal information.
9. Totally loyal to Company's legal rights and benefits, no self-interest.
10. Join hands to develop AMECC better and better by day.

PHOTOS OF EQUIPMENTS

AMECC is owning a wide range of machinery for steel structure fabrication, ensuring technical and safety requirement for fabricating steel structure for big projects such as thermal power plants, hydropower plants, cement plants, oil refinery plants. Besides, the company has measuring instruments, ultrasonic device with high precision, advanced modern machinery line for production with the aim to increase workshop's productivity on fabricating.

7. EPC CONTRACTORS

In recent years, AMECC has been participating in many big projects, affirming its leading position in the field of EPC Contractor / Contractor, accumulating a variety of experiences in various fields of construction:

- + Thermal power plan, hydrolic power plant, refinery, solar
- + Bridges, Roads, workshop
- + Other civil and industrial works

DUYEN HAI 3 THERMAL POWER PLANT EXTENSION PROJECT (1X660MW)

Place: Dan Thanh, Duyen Hai, Tra Vinh
Owner: Electricity Vietnam (EVN)

SOME TYPICAL PROJECTS

VUNG ANG 1 THERMAL POWER PLANT (2X600MW)
Ky Loi, Ky Anh, Ha Tinh

THAI BINH 1 THERMAL POWER PLANT (2X300MW)
Tan Boi Village, Thai Do, Thai Thuy, Thai Binh

**GENERAL CONTRACTOR EPC
TUYEN QUANG POWER FACTORY (25MW)**

CA MAU FERTILITY NPK (300,000 TONS/YEAR)

NGHI SON 1 THERMAL POWER PLANT (2X300MW)
Km11 Provincial road 513, Hai Ha, Tinh Gia, Thanh Hoa

LONG PHU 1 THERMAL POWER PLANT (1,200MW)
Nam Song Hau, Long Duc, Long Phu, Soc Trang

LONG SON OIL CHEMICAL FILTER
Long Son Commune, Vung Tau City

**THERMAL POWER PLANTS
MATARBARI BANGLADESH (1.2GW)**

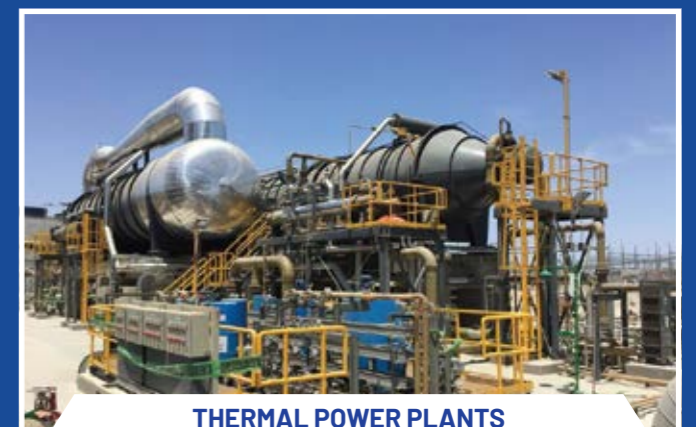

THAI BINH 2 THERMAL POWER PLANT (2X600MW)
Thermal Power Street, Xuan Hoa, Thai Thuy, Thai Binh

**HOA PHAT DUNG QUAT STEEL MILL MANUFACTURE
(4x60MW) Mong Duong, Cam Pha, Quang Ninh**

**SARAWAK METHANOL FACTORY
MALAYSIA (5,000 tons/day)**

**THERMAL POWER PLANTS
COCHRANE - CHILE (531MW)**

SOME INDUSTRIAL PROJECTS

OIL FACTORY DOS BOCAS MEXICO (340,000 WINS/DAY)

Place: Paraiso, Tabasco, Mexico
Owner: State-owned oil and gas company Pemex

LG INDUSTRIAL PARK - HAI PHONG

Place: Trang Due Industrial Park, An Duong, Hai Phong
Owner: LG Electronics Vietnam Co., Ltd

PHUOC THAI 1 SOLAR POWER PLANT (50MW)

Place: Phuoc Son, Ninh Phuoc, Ninh Thuan
Owner: Electricity of Vietnam (EVN)

VINFAST AUTO MANUFACTURING COMPLEX

Place: Cat Hai Island, Cat Hai District, Hai Phong
Owner: Vingroup company
